NEW MEMBERS

The Hanging Rock Tennis Club is attempting to increase their club membership in order to continue to remain competitive within the Macedon Ranges.

The Hanging Rock Tennis Club is situated in the Reserve at Hanging Rock. We have very picturesque club rooms and tennis courts, complete with our friend 'Snowy' the grey Kangaroo, who will go into the clubrooms or on to the tennis courts any chance she has.

We currently have only three teams entered into Tuesday's Ladies Tennis and we are trying very hard to get a Saturday mixed team organized for the summer. We would also like the opportunity of entering teams into Thursday night mixed tennis as well as junior competition.

We would welcome any people of any age that enjoy a hit of tennis, no expertise necessary. If competition tennis is not people's forte, we would also welcome social members that would like to use the tennis courts and or club rooms at their leisure.

If you know of anyone who is looking for a local Tennis Club with a group of very friendly people who would like very much to have new members as part of their team. Please ask them to make contact with me at their earliest convenience.
